Property Description

Arriving at your home, you'll immediately notice the tasteful Mediterranean and Costa Rican design elements. Rich hardwoods decorate the house. Cook up delicious meals with a large, well-equipped kitchen and spacious island. An open-concept living plan makes entertaining a breeze as guests can easily mingle between the backyard patio, living area, and dining space. Sliding glass doors ensure the marvelous valley views are visible from nearly anywhere in the house. Each bedroom is spacious with ample closet space. A luxurious bathtub in the master bath is a welcome retreat. There is air conditioning in the master bedroom, but with consistent cool mountain breezes, you'll likely never need it. With six bedrooms and four bathrooms, this would be an excellent family home or Costa Rica vacation home. Four bedrooms are located in the main house, with two additional guest bedrooms located beneath the Rancho for extra privacy.
