Property Description

Townhouse Loft, 720sqft inside AC + 160sqft master bedroom balcony and 252sqft roof terrace, sits on the hillside of Playas del Coco with a beautiful view of Guanacaste's dry tropical forest. A great feature of this single building, two townhouse design, is a sense of privacy. A well designed kitchen greets you with ample counter space, making meal prep easy. The wood and glass dining table seats four comfortably. With a built-in, single unit washer/dryer, this kitchen is a multipurpose room for life's needs and necessities. Just off the kitchen is a warmly furnished living space, a cozy place to share stories of the adventures of the day. A full size bath completes this floor. Take the stairs to the second floor bedroom. The large double windows and sliding glass doors illuminate the room with natural light and is furnished with a queen size bed and large chest of drawers. The blue and gray tiles and classic design of the adjoining bath, creates a beachy feel to wake up to or refresh after a day in the life of a local or visitor to Costa Rica.
