Property Description

What a perfect time to purchase a custom-built home in paradise! This contemporary-style 2-bedroom home+studio is located just 5 minutes from the most amazing beaches in Guanacaste. The property is very private and has been professionally landscaped, with a beautiful pool & fire pit in the low-maintenance backyard. Step inside the front door to find an open floorplan with wood-look tile floors, soaring ceilings and tons of natural light. Your kitchen features stainless steel appliances, lovely tile work, bold European-style cabinetry, and an island with bar-top seating. Just steps away, you can grill up dinner on the back deck while the kids play in the pool (with a waterfall!!) and the dogs run around in the yard. Back inside, the master bedroom boasts a big slider out to the back patio. Down the hall, the guest room offers plenty of space for multiple bunks since the ceilings are so high.
