Property Description

This beautiful house towers over the Pacific ocean on the eastern side of the Southern Nicoya Peninsula and is located just minutes away from Montezuma. A lovely brand new 3 bedroom mini Villa with pool designed and built by Rico Reolon and is located in perfect proximity to the seaside town of Montezuma and its many white sand beaches. The property where the Villa was built upon is 5,255 m2 and is located in a very quiet upscale residential area and off of a private easement road that is shared by 4 other neighboring property owners. So in essence, the property is like being located in a gated community. Within minutes one can drive into downtown Montezuma where you have a wonderful selection of restaurants and two super markets to shop at. All activities that the area offers are literally minutes away! Upon entry into the house, one is greeted by a generous living room with immediate views spanning out into the garden and pool area through glass doors.
